

AGRICULTURAL & ENVIRONMENTAL CHEMISTRY, DOCTOR OF PHILOSOPHY

College of Agricultural & Environmental Sciences

Graduate Study

The Graduate Group in Agricultural & Environmental Chemistry offers programs of study and research leading to M.S. and Ph.D. degrees in four areas:

- Environmental & Analytical Chemistry
- Biological & Toxicological Chemistry
- Food & Wine Chemistry
- Fiber & Polymer Chemistry

Detailed information regarding graduate study may be obtained at Agricultural & Environmental Chemistry (Graduate Group) (<http://agchem.ucdavis.edu/>).

Degree Requirements & Program Coordinator

See Agricultural & Environmental Chemistry (<https://grad.ucdavis.edu/programs/gach/>).
